

LTE-group is a modern private railway company specialised in freight transportation and logistics.

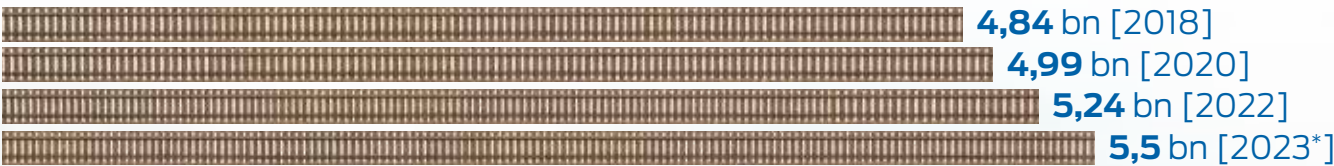

Our mission is to provide our customers with outstanding solutions and services. With our subsidiaries in Austria, Slovakia, the Czech Republic, Hungary, the Netherlands, Germany, Romania, Poland, Bulgaria, Italy and Switzerland plus affiliates in Slovenia and Croatia we are able to offer innovative and individual rail transport concepts, extraordinary flexibility and services including 24/7 dispatching and train monitoring.

Since 2000 we are dedicated to continuous improvement of our products, services and processes to assure highest safety and quality standards, such as

- **Safety Certificates on ERA standard**
- **Quality- and Safety-Management System SQAS**
- **Extended public liability insurance up to 66 million €**
- **Comprehensive insurance for wagons and goods**

Our clients' needs for the range of our services and their trust in the quality of our products is truly represented by our steady growth throughout the years.
